

Zeeshan Syedain
Vice-President Internal Affairs
Graduate and Professional Student Assembly
Monthly Report (Jan 06)

To Executive Board and Assembly Members

Internal Affairs conducted its biannual review in last week of December. Based on written response from executives, board is satisfied with the progress of GAPSA in the last semester along with its leadership and outcome of meetings. There is good harmony between executives and for most part, good coordination between executives. Some of the concerns raised by executives including role of permanent parliamentarian for GAPSA assembly meetings has been referred back to IA committee by GAPSA president. In the next few meetings IA committee will be reviewing these issues and submit its recommendations to executive board.

In terms of office business, GAPSA will be hiring new staff for office and grant assistance. The new staff will be present at March Assembly meeting.

Sincerely
Zeeshan Syedain
