

Name Taque Khaled
Position Executive Vice President
November Report

Ladies and Gentlemen of the Assembly,

This has been my first month as EVP and I have represented GAPSAs at a few meetings individually and in conjunction with the president. Most recently, I have attended a meeting with the president with the VP of Student Affairs, Jerry Rhinehart and Amelious Whyte with Maggie Towle. I also attended an advocacy committee meeting of the University of Minnesota Alumni Association as the sole student representative. VP of Finance, Richard Pfitzenreuter presented the draft of the budget request and I inquired with respect to graduate and professional student income increases, to which he responded that a 3.25% increase is anticipated, at the least. I also attended a meeting of the Black Student Union and assisted in the planning of one of their events.

My future plans include building continual relations with cultural centers, assisting the ALD, Bree Richards, with Multicultural initiatives, and attempting to build stronger interrelationships with GAPSAs's councils. Please approach me with ideas of how to build a better, more robust relationship between us and you.

Sincerely,

Taque Khaled
