

VICE PRESIDENT OF STUDENT AFFAIRS

Kristen Denzer

Monday, November 06, 2006

Distinguished Assembly Members,

Listed are the activities that I have been involved with for the past month:

- Thursday, October 12, 2006: SSSC
- Friday, October 20, 2006: GAPSAs Social, Campus Club
- Wednesday, October 25, 2006: Mentor Meeting
- Wednesday, November 1, 2006: Executive Meeting

SSCC Summary:

Gerald Rinehart attended the meeting and discussed the proposed changes to the student code of conduct. All but one person agreed that we should amend the proposed changes so that the University cannot utilize the code to punish things like parties and drinking. We also recommended that Section II, part a should be removed because it allowed the University to punish someone for something even if they are found not guilty by a court. Lastly we discussed potential agenda items as well as what the green initiatives are at Crookston and Morris. To read the minutes please go to: <http://www1.umn.edu/usenate/sscc/06-10-12.html>

I have met with several Mentor Program officers at the University about the Graduate Student Mentor Program and will hopefully be discussing the program at the next Mentor Program meeting. I also plan on looking into transportation at the University. As an undergraduate student at the University I looked into expanding the route of the Campus Connectors and adding a few more stops. I would like to revisit this, and put together a cost breakdown.

Thank You,

Kristen Denzer
