Kristen Denzer

Wednesday, January 30th, 2008

Distinguished Assembly Members:

Since we last met, I attended several meetings and worked on a few projects. I met with Vice Provost Rinehart to update him on what GAPSAs is working on. I worked with the executive board to write the narrative for the fees presentation. I also attended the UMAA National Board meeting where we passed a resolution supporting the central corridor, and opposing the lightrail going at-grade through campus. We also learned that the Met Council will be taking action on whether the lightrail will be at-grade or in a tunnel at the end of February, so it is especially important that everyone contact the Met Council ask for lightrail in a tunnel under Washington Avenue. I also have been meeting with members of the executive board one-on-one to discuss how last semester went, and what they have planned for this spring. I also have been working with Duluth Graduate students to schedule a time that we can discuss the benefits of them joining GAPSAs. We will be going up to Duluth on February 12th to meet with graduate students about becoming members of GAPSAs.

Here are the meetings I have attended:

- December 20: Met with Jerry Rinehart
- January 10: GAPSAs Student Fee Meeting
- January 15: Meeting with Zeeshan (VP Grants)
- January 19: UMAA National Board Meeting
- January 22: Public Affairs Committee Meeting
- January 22: GAPSAs Exec Meeting
- January 23: University of Minnesota Legislative Briefing
- January 25: Meeting with Kevin (Executive VP)
- January 29: Meeting with Kristi (At-Large Director)
- January 30: Meeting with Kristina (VP Programs)

Thank You,

Kristen Denzer
