

RESOLUTION

Graduate and Professional Student Assembly – University of Minnesota

Date: March 28, 2006

Authors: Bree Richards, Anthony Kouba, and Joshua Colburn

Topic: Corporate Funding for Substantial Capital Projects

WHEREAS, students have limited incomes; and

WHEREAS, substantial capital projects such as an on-campus stadium are expensive ;
and

WHEREAS, corporations want to give the University money for such substantial capital projects; and

WHEREAS, state funding for the University has decreased dramatically in the past decade, resulting in an increased financial burden on students; therefore

BE IT RESOLVED that the Graduate and Professional Student Assembly supports the acquisition of alternative funding sources for substantial capital projects; and therefore

BE IT FURTHER RESOLVED that such alternative funding sources should be compliant with the mission of the University and its role as a socially responsible institution.
