

RESOLUTION

Graduate and Professional Student Assembly – University of Minnesota

Date: February 1, 2006

Author: Abu Jalal (Vice President for Finance)

Topic: Rental Housing Summit

Whereas there are numerous problems that face the residents, both permanent and temporary, of the neighborhoods surrounding the University of Minnesota because of the unique composition of the housing and proximity to the University; and

Whereas there has been little opportunity for all community members to gather and problem-solve together; and

Whereas if students do not begin to work proactively on neighborhood issues, more regulations are likely to be passed that will negatively affect students; therefore

BE IT RESOLVED that the Graduate and Professional Student Assembly will co-host with the Minnesota Student Association a Rental Housing Summit on the University of Minnesota, Twin Cities Campus to proactively address neighborhood issues which will include all appropriate members of the community.
